Certified Management Accountant (CMA)

The Certified Management Accountant (CMA) is a globally recognized, advanced professional certification for management accounting and financial management professionals. It is awarded by the Institute of Management Accountants (IMA), based in the USA.

Unlike traditional financial accounting which focuses on historical reporting, the CMA focuses on forward-looking skills that drive business strategy and decision-making. The CMA is ideal for financial professionals who want to move beyond general accounting and into management, planning, and corporate strategy roles.
