Professional Education & Training

Financial and Managerial Accounting Associate

Introduction

It is a foundational certification offered by the **Institute of Management Accountant (IMA)**.

It is specifically designed to provide individuals who are at the early stage of their professional life, with essential and basic knowledge in both financial and managerial accounting.

Benefits

1. **Build a Solid Foundation .**
2. **Gain a Global Competitive Edge .**
3. **A Perfect Stepping Stone to Advanced Certifications.**

FMAA provides the tested skills, global recognition, and confidence you need to successfully launch and accelerate your career in the accounting and finance industry.

Why FMAA Certificate is the Perfect Starting Point?

FMAA course serves as the ideal gateway to the finance and accounting industry by offering:

Foundational Mastery: It solidifies your understanding of core business concepts, including financial statement preparation, budgeting, cost analysis, and internal controls process.

No Prerequisites: Unlike advanced certifications (**CMA**), FMAA has no experience or educational requirements, making it the quickest way for students and fresh graduates to gain a professional credential.

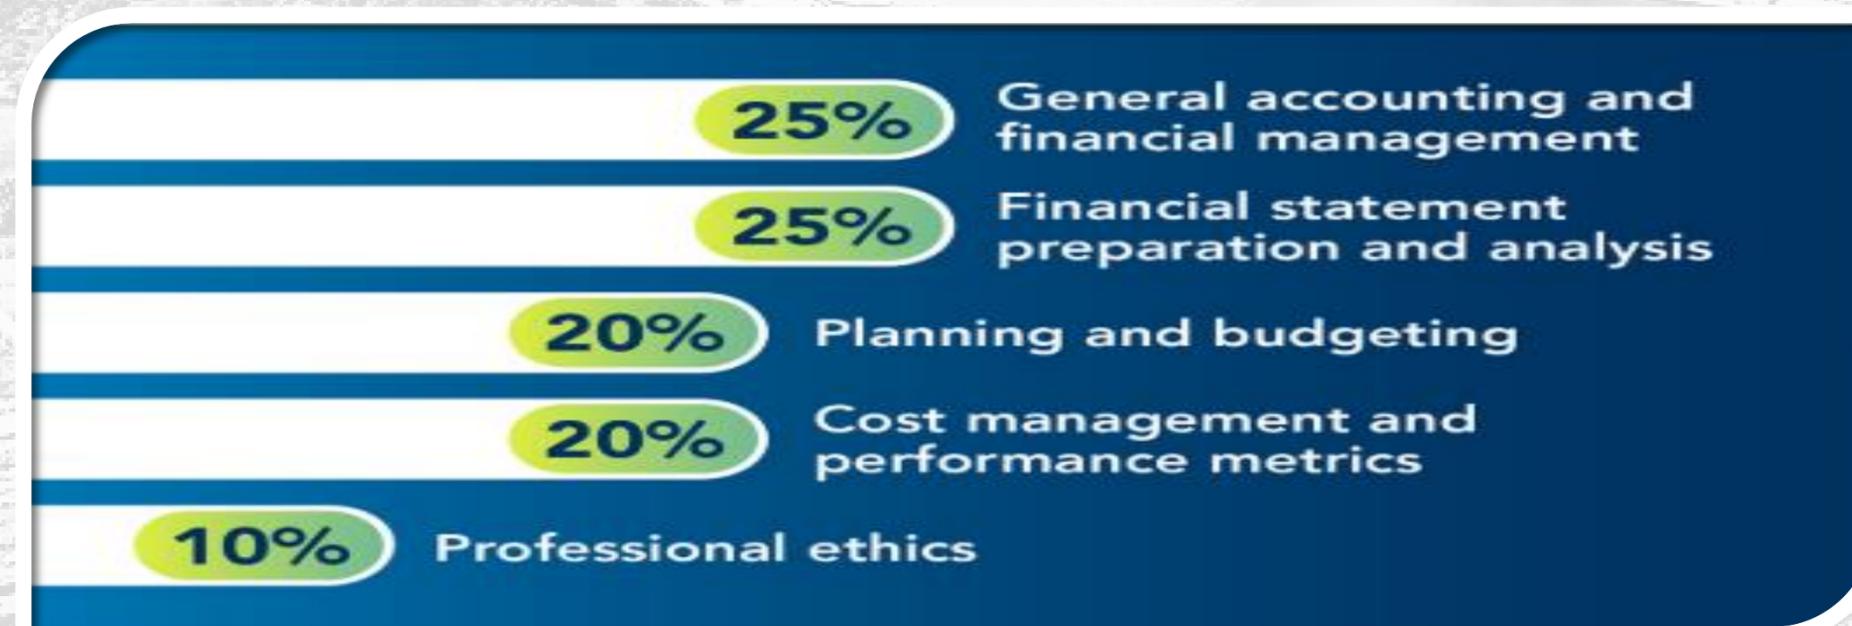

Career Differentiator: Once passing the exam, you are immediately demonstrating a certified, globally relevant skillset to employers, giving you a strong competitive edge in the job market.

CMA Stepping Stone: FMAA curriculum directly builds the knowledge base necessary for professionals who plan to pursue the more advanced certification (**Certified Management Accountant - CMA**) later.

Exam topics and their distribution percentages:

The course covers five key competency areas that are tested in the, two hours exam:

- General Accounting and Financial Management (25%)
- Financial Statement Preparation and Analysis (25%)
- Planning and Budgeting (20%)
- Cost Management and Performance Metrics (20%)
- Professional Ethics (10%)

Outcomes

- **Speaks the Language of Business:** The individual gains the confidence and ability to understand, discuss, and communicate core financial data and concepts effectively with colleagues and management, demonstrating proficiency in the fundamentals of accounting and finance.
- **Tested Competence:** Since the certification requires passing a standardized exam, the individual can confidently assert that their foundational knowledge in budgeting, cost analysis, and financial reporting has been globally tested and validated.

Exam Structure and Details

- IMA offers continuous exam in English language.
- The **Arabic version** of the exam will continue to be offered in three windows:
- FMAA exam is **80** multiple choice questions during 2 hours.

- **Jan 26, 2026 – Feb 4, 2026**
- **May 11, 2026 – May 20, 2026**
- **Sept 14, 2026 – Sept 23, 2026**
